LONG-TERM INVESTMENT IN THE UAE

TIM Aerospace is making a long-term investment in the United Arab Emirates through a purpose-built 26,000 m² aircraft Maintenance, Repair and Overhaul facility at Al Maktoum International Airport.

Strategically located within AL MAKTOUM INTERNATIONAL AIRPORT (DWC), the facility will support commercial aircraft maintenance and serve airlines and aviation operators across the Middle East, Africa, Europe and Asia.

Our investment reflects confidence in Dubai's aviation strategy and a commitment to the continued development of Al Maktoum International Airport and Mohammed Bin Rashid Aerospace Hub (MBRAH) as a global aviation and aerospace hub.
